School Behaviours

It has always been my intention as Principal of Kimberley School of the Air to encourage students to take their schoolwork seriously. Home Tutors are vital in this endeavour and I am always happy to make myself available for phone calls with students who need a reminder from me about what I expect as the Principal of our school in regards to school behaviours.

I encourage students to wear uniform and I will always support Home Tutors in their endeavours to ensure that KSOTA students act appropriately on air and that they engage with their schoolwork to their fullest ability.

I am always available to both congratulate and encourage!
